HARAMBEE INTERNATIONAL DEVELOPMENT

February 3, 2025

Greetings on behalf of the Harambee International Development Corporation!

The Harambee International Development is a 501(c)3, not for profit organization, dedicated to improving the quality of life, promoting self-sufficiency and economic development for individuals and communities in the Africa Diaspora. Proceeds from this Golf Outing help to further our mission to reduce poverty in global communities and enable individuals to develop sustainable agricultural, educational, medical, and economic development programs. It is our hope that you will desire to partner with us to ensure that this mission work continues.

We are pleased to announce the *22nd Annual Harambee Cares Golf Outing* on Monday, April 28, 2025 at the Laurel Hills Golf Club in Lorton, VA - SAVE THE DATE! A contingent of great golfers from around Metropolitan Washington, DC, representing a cross section of the corporate, non-profit and faith-based community will come together to ***Golf with a Purpose***. This event enables them to support Harambee's humanitarian programs while experiencing an enjoyable way to network and to meet with associates in a relaxed and fun environment. Registration will begin at 9:30 a.m., shotgun start at 11 a.m.

We are seeking your advance commitment to be a sponsor of the *22nd Annual Harambee Cares Golf Outing*. The attached flyer and registration provide opportunities for playing and non-playing sponsorship. Another opportunity to spotlight your company is by donating prizes for the winning teams or providing giveaways (items such as golf balls, tees, caps, etc.) for goodie bags; these bags will be provided to each golfer.

We need all registration forms and payments by April 14, 2025.

Please join us on our journey to improve the human condition for those less fortunate! We look forward to your participation. We thank you in advance for your consideration of our request. Give me a call at (571) 216-2762 or email me at dross77@gmail.com, if you have any questions.

Sincerely,

Dan Ross
